

CHAMBERLAIN'S TABLETS
FOR CONSTIPATION

For constipation, Chamberlain's Tablets are excellent. Easy to take, mild and gentle in effect. Give them a trial. For sale by all dealers. (March) (adv)

Because of the increasing cost of gasoline, German automobilists are turning to benzol for fuel, especially for heavier cars and trucks.

Automatic apparatus has been perfected to enable trains running at high speed to pick up any number of mail bags without injuring their contents, and deposit them gently in troughs beside the track.

The public grows increasingly curious. Inquiry has also been made for the old-fashioned man who wore a carved peachstone for a watch charm.

Colds

should be "nipped in the bud", for if allowed to run unchecked, serious results may follow. Numerous cases of consumption, pneumonia, and other fatal diseases, can be traced back to a cold. At the first sign of a cold, protect yourself by thoroughly cleansing your system with a few doses of

News Over
the State

Opposed to Sunday.

Lexington—Ministers' Association, composed of the pastors of every Protestant church in this city, voted against inviting "Billy" Sunday here to hold a meeting. They take the stand that his pulpit "vernacular" is unsatisfactory, his methods undesirable, and a meeting conducted by him tends to lower the dignity of the pulpit. There was a movement on foot among the laymen to bring Sunday here.

Date for Hearing Set.

Frankfort—The final hearings on the injunctions sought by the L. & N., Illinois Central, Queen & Crescent and C. & O. railroads to prevent the collection of 1912 franchise taxes on their increased assessments, were set in the Federal Court here by Judge Cochran for April 15. April 15. No time was fixed for entering the objection in the preliminary injunction sought by the Adams and Southern Express Companies.

Would Raise Quarantine.

Frankfort—While the Kentucky House was passing a bill providing for a county veterinarian to inspect dairy herds the State Board of Health was in session here considering means for raising the quarantine on Kentucky cattle imposed by the State of Illinois. The Board's plan is to appoint assistant State veterinarians in each county to inspect free of all charge every herd of thoroughbred stock, either dairy or beef cattle. The Government will furnish the antitoxin. The question with the Board was whether it has authority to require inspection of all the cattle shipped out of the State, or whether it must depend upon the regulations of other States. The Board held a conference with Assistant Attorney-General Hogan about it. If all the beef cattle is inspected by the State authorities in compliance with the regulations of the Bureau of Animal Industries, States to the north will receive Kentucky cattle. As it is the

cattle is quarantined for tuberculosis, and the cattle industry is said to rank third, after tobacco and whisky, in this State.

Race for Divorce.

Louisville—Walter Joyce and Harriett Chambers Joyce ran a race to the divorce court, the husband winning by five minutes. The attorney for the husband filed his petition and passed his opposing counsel in the corridor of the court house as the latter was en route to the clerk's office with the wife's petition. The husband alleges in his petition that his wife abandoned him March 2, 1914. On the other hand the wife charges cruel and inhuman treatment and says she was forced to leave their home March 9, 1914, because of continued ill-treatment. She asks \$25 a week as temporary alimony, and for \$5,000 in a lump sum. It is set forth in the petition of the wife that the husband conducts a saloon at 1103 West Main street, the income from which is \$250 per month, and that in addition thereto he owns valuable real estate. They were married June 16, 1910.

Railroads Indicted.

Hopkinsville—Indictments that are decidedly out of the ordinary are those which have been returned by the grand jury here against the Louisville & Nashville, Tennessee Central and Illinois Central railroads, charging them with not furnishing their colored passengers with proper conveniences and accommodations, or the same as furnished to the white people. There are six counts against the Louisville & Nashville, and one each against the Illinois Central and the Tennessee Central.

Permanent Receivership.

Lexington—Circuit Judge Kerr has made permanent the receivership of the Bank of Kentucky, granted temporarily several weeks ago, appointing Attorney William Worthington, in charge. The case came up Saturday and the bank was given until Tuesday to pay \$20,000 cash and \$30,000 worth of notes and merchantable paper. The bank's affairs have been in the courts for some years. The officials say they expect to make such settlements that it will reopen.

Radium Treatment.

Winchester—County Judge J. H. Evans and A. R. Baldwin, who left here Sunday for Baltimore, to con-

sult with a specialist regarding the radium treatment for cancerous affections with which each is suffering, were examined there Monday. It was found that Mr. Baldwin's trouble will not submit to the radium treatment, and he will be compelled to undergo a surgical operation. Judge Evans underwent the treatment and feels hopeful as to the outcome.

YOU CAN'T EAT
APPETITE POOR

Multitudes of people lose their appetite. Simply don't care for anything to eat. The dinner bell has no interest to them. They loathe their breakfast. They may nibble a little of this and a little of that, but they do not care for it.

Lunch has lost all of its charms, although they try to eat something. Dinner about the same.

There is something positively wrong, of course, but no disease that can be named. Just out of sorts. That is all.

It is in this kind of a condition that Peruna acts very beneficially.

After using Peruna, interest in food is revived. Beginning with a teaspoonful of Peruna before each meal will generally quickly improve the appetite and help the digestion.

Thousands of people can testify to this. Liberated from a slavery that is almost unbearable. The slavery of having no interest in life. All used up. Yet one does not know exactly why. Take Peruna before each meal. Skies will get blue again. Fields will look green once more and life will be pleasant. You will feel that you are good for something and the world is a good place to live in. Peruna will do it. Not as an artificial stimulant. Simply a tonic that stimulates appetite in a natural way.

Those who object to liquid medicines can now obtain Peruna Tablets.
